

TONIC

NEIGHBORHOOD LIGHT

watson

The Tonic Neighborhood Light is a color-balanced LED three-stage dimmable table lamp that lends illumination to your people and their ideas. UL153 approved for both USA and Canada, the Neighborhood Light provides an even plane

of illumination which casts no shadow. The light design utilizes a square base which can rest atop any level surface, but which also integrates within a 15"x15"x 3/4" recess in the center deck of the Tonic bench table.

Product Description

- **Base/ Shade/ Tube:** Cold-rolled steel, aluminum, powder coating
- **Weight:** 14 lbs
